

- > More parts per day
- > More shapes & materials
- > More job flexibility
- > More cash in your pocket

New approaches and cutting edge technology are necessary components to competing in the new post-recession economy. Shorter backlogs and the need to do more with less are driving fabrication operations to adapt if they want to thrive. New Mazak laser technology can help you make more parts at lower cost with less operator dependency.

When: June 3 & 4, 2010

Time: 9am to 5pm each day

Where: The Laser Technology Center
2725 Galvin Court, Elgin Illinois

Seminars: Laser Strategies to Adapt & Thrive in the New Economy - A Business Approach - 10:30 am each day (1 hour)

New World Class Laser Cutting Techniques - An Application Review - 1:30 pm each day (1 hour)

Lunch: BBQ Feast (each day)

- Demonstrations:**
- > HyperGear 2D with exclusive AO/5 Automated Setup
 - > HyperTurbo-X in an FMS
 - > NEW STX Mark III with Rock Solid Performance
 - > SG U44 2D/3D laser for flexibility & differentiation
 - > Plus much more...
